INSTRUCTIONS AND SIGNATURE

You **MUST** read ALL of the Terms and Conditions on the following page and as further set forth on the website at www.piedmontng.com

You MUST include the following for the Rebate to be processed:

- 1) An original, signed and completed Rebate Application form
- 2) Copy of the proof of installation (receipt, invoice, contract) and/or copy of the proof of purchase (sales receipt)
- 3) Provide signature at bottom right

Mail the completed application to:

Piedmont Natural Gas Company, Inc.
Attn: Marketing / NC Rebate Form
P.O. Box 33068
Charlotte, NC 28233

** Please allow up to 6-weeks for rebate processing **

I certify that the information I have provided is true and correct and the equipment for which I am requesting a rebate meets the requirements of this Application and has been installed at the service address indicated. I understand that in order to receive payment, all information requested on this Application must be completed and copies of all purchase and installation invoices attached. I certify that a licensed contractor has installed the above natural gas equipment. I have read and am in compliance with the program guidelines and terms and conditions as described on the Company website.

TERMS AND CONDITIONS
Energy Efficient Equipment REBATE PROGRAM (NORTH CAROLINA)

REBATE PROGRAM DURATION: This Rebate Program begins March 23, 2009, the date on which it was approved by the North Carolina Utilities Commission. Piedmont Natural Gas Company, Inc. (PNG) reserves the right to modify, withdraw or terminate this Program at any time, and such decision will be posted on the PNG website on or before the date of such modification, withdrawal or termination. Please visit www.piedmontng.com.

WEBSITE: Details of this Rebate Program, including Rebate amounts, dates of the Rebate Program, eligibility, qualifications and application process are subject to change without prior notice. Prior to submission of a Rebate Application, it is the sole responsibility of the customer to timely verify all information on PNG's website at www.piedmontng.com. The Terms and Conditions listed herein are supplemental to terms, conditions and other information listed about this Rebate Program on the PNG website and must be read in conjunction with such. The PNG website, the Rebate Application and these Terms and Conditions together constitute the entire Rebate Program. If you have further questions, you may call PNG at 1-877-279-3636.

ELIGIBILITY: This Program is only available to current PNG residential and commercial customers in North Carolina having natural gas service accounts in good standing. Rebate is available solely for the qualified new equipment listed on the Rebate Application, purchased and installed during the Rebate Period and prior to customer's submission of the Rebate Application. Rebates qualify only on such new equipment installed for replacement, in remodeling or renovation, not in new construction; and only where 1) existing gas-serviced equipment is being replaced by new gas-serviced equipment, 2) such new equipment qualifies for the higher efficiency rating set forth on the Application Form, 3) the new equipment is installed at the house or business where the gas account is located, and 4) the new equipment is purchased from and installed by a licensed contractor. Final determination of eligibility will rest solely with PNG. Residential customers: maximum number of rebates per residential service address is 2 rebates per year for water heating and 2 rebates per year for space heating; each applicant is limited to receiving no more than a total of 24 rebates per year. Commercial customers: maximum number of rebates per commercial service address is 4 per year and each applicant is limited to receiving no more than a total of 36 rebates per year.

APPLICATION: The Rebate Application on PNG's website must be 1) printed out, 2) completed truthfully and legibly, in its entirety, 3) signed by the individual in whose name the PNG account is listed, 4) attached to a copy of the legible, dated, itemized and detailed proof of purchase (receipt), and to a copy of the legible, dated, itemized and detailed proof of installation (receipt, installation contract, or contractor invoice), and 5) mailed with adequate postage to the address listed on the Application. If multiple qualified purchases are listed on the same receipt, please include a fully completed Rebate Application and supporting documentation in one envelope. All Applications must be postmarked during the Rebate Period set forth on PNG's website, and within 90 days after the equipment installation. PNG is not responsible for lost, late, damaged or misdirected forms. Late, illegible or incomplete forms will not be processed. All Applications become the sole property of PNG. No Application, including attachments, will be returned to the customer. Do not include a Rebate Application with payment of your monthly PNG bill. The Application, with qualifying attachments, must be submitted separately.

VERIFICATION: PNG reserves the right to verify sales receipts, serial numbers, installation contracts, and all other documentation and processes incidental to this Application. Also, an inspection may be conducted to verify installation of qualified equipment at qualified locations. By submitting this Application, customer agrees to participate in any audit and/or inspection requested by PNG related to this Rebate Program. PNG, or a third-party acting as their agent, may conduct a survey and/or billing energy usage analysis to measure program impact savings and participant satisfaction.

PAYMENT: Funds approved by the North Carolina Utilities Commission for this Rebate Program are limited and available on a first-come, first-served basis. Rebates shall be in the qualified amount listed on PNG's website on the postmarked date of the Application submission. As soon as practicable after receipt and processing of the completed Rebate Application, the Rebate Check will be mailed to the individual or entity listed on the Application, verified to be the PNG customer at the address where gas service is supplied and the new equipment has been installed. PNG is not responsible for any tax liability imposed on the customer as a result of payment of this Rebate.

NO ENDORSEMENT, WARRANTY OR LIABILITY: By promotion and offer of this Rebate for purchase and installation of specific energy efficient equipment, PNG does not endorse any manufacturer, contractor, product or system, or in any way warranty such equipment, installation, or the energy efficiency of any equipment. PNG makes no representation and has no responsibility regarding the equipment, its installation, its energy efficiency; or any compliance of the equipment or its installation with applicable laws, regulations, codes, standards or requirements. Further, PNG shall in no way be liable for any incidental or consequential damages resulting from the equipment or its installation.
